

Gabriel Garcia

Backend Developer

👤 Profile

IT Support Analyst transitioning to Back End Development | Python | SQL | GIT | GitHub

Greetings! I am a dedicated IT professional with a robust background in technical support and a newfound enthusiasm for Back End development. My journey, encompassing roles at esteemed organizations, has equipped me with a diverse skill set that combines technical prowess with a passion for problem-solving. As I embark on a new chapter focused on Python, I am eager to harness my existing competencies and cultivate new ones to drive innovation and contribute to impactful projects.
